

TUDOR GRANGE PRIMARY ACADEMY HASELOR SEND NEWSLETTER SUMMER 2026

Welcome to the final edition of our SEND newsletter for 2025/26.

For all children, managing feelings and behaviour can be challenging, especially when those feelings feel 'big'. Some children find managing these emotions hard and need extra help. That's why we teach self-regulation in schools.

We often think about feelings in terms of fish in a tank - that fish can represent different feelings and still coexist in the same space.

These feelings are normal and manageable but sometimes, it may feel like one fish is bigger than another. Nevertheless, they can come and go. Using this activity with your children may help them think about supporting their emotions, too.

As always, thank you for your continued partnership and support.

Mrs Amie Wilson-Rhone
SENDCo

A Date for your Diaries - 9th October

I am delighted to offer our first SEND Coffee Morning at Haselor, for all parents to come together, enjoy a coffee and ask any questions they may have about SEND pathways. I will be joined by Vanessa from iLeap, a wonderful Warwickshire-based charity who support families of children with SEND and will be talking about all they have to offer for our local community. I look forward to seeing you all on 9th October at 9.30am.

Transition

As we look into Summer Term, we begin to think about transition. Whether this be to the next year group, class or key stage, all children will feel a mixture of emotions when transitioning to the next step in their journey.

I have already begun the transition process for our Year 6 children with SEND meetings and Year 7 transition activities for these children.

School staff have also been considering how they can use their planning time to support the September start. Teachers may swap classes for end of day reading time or drop into lessons! We also look forward to using transition day to build safety, comfort and excitement around this important time for your child.

Home to School Transport

The deadline for applying for home to school SEND transport through Warwickshire is 30 June. Please ask if you would like more information around this.

Attendance summary

Whole School Average Spring term	98.1%
SEND average Spring term	97.5%

**Our school
attendance target is
97%**

Wow - above our target again for all children!
If you need support with your child's attendance, please contact us via the school office.

FAQ:

Can my child have extra Thrive sessions?

Thrive is a social, emotional and mental health intervention for children. Teachers complete termly assessments and only the children who are highlighted will need set sessions. These sessions are set at either 1, 2 or 3 per week.

Miss B is our wonderful Thrive practitioner who completes the Thrive action plans with children. She is not a qualified therapist for children. Some children may also have ad-hoc drawing and talking sessions with Miss B, but these are not prescriptive and are temporary.
