

Tudor Grange Primary Academy Haselor Curriculum Plan

Class 1 Autumn Term

Being; Belonging; Knowing

***'And suddenly you know... it's time to start something new and trust the magic of beginnings.'* – Meister Eckhart**

For our learning this term we will be thinking hard about the following big questions:

BEING: What do I enjoy? What makes me unique?

BELONGING: How can I express my emotions? What impact do my actions have on others?

KNOWING: What makes a story? What festivals do people celebrate?

For our communication, language and literacy... we will be engaging with a range of traditional fiction books and re-telling these stories. We will also be beginning to understand and use phonics to read and write.

As imaginative and creative artists and designers... we will be creating artwork in the style of Monet and exploring beats and rhythm in music.

As users of maths... we will be identifying numbers and counting amounts. We will also develop our awareness of 2D shape and increasing our mathematical vocabulary.

To understand and enquire about our world... we will be looking at the seasons and discussing what happens during Winter. We will create a house, identifying waterproof materials.

To understand our world, its people and communities... we will be exploring our own and each other's feelings. We will also be identifying similarities and differences within ourselves.

As moral and spiritual beings... we will be looking at the Christmas story and how children celebrate Christmas around the world. We will also be exploring Diwali and identifying the traditions of Hindus.

To understand technology... we will be developing our understanding of how to use age-appropriate ICT software.

For our creative and critical thinking... we will be using a range of new vocabulary, based on our topics and learning. We will be exploring how we can come to the same conclusion in different ways.

For our physical, social and emotional wellbeing... we will be exploring different ways to travel, balance and jump off PE equipment. We will also be considering how to keep our minds and bodies healthy, and the effect exercise has on our bodies.

Tolerance Unity Democracy Opportunity Respect
