The Curriculum

A high priority is placed on teaching the core elements of the curriculum - English, Mathematics, and Science. Curriculum entitlement in the foundation curriculum is designed to provide a breadth of experience within each subject area. Pupils experience a stimulating and enjoyable curriculum enhanced by trips and visits. The partnership with Tudor Grange Academies Trust enables specialists to deliver specific elements of the curriculum as well as taking the lead in other foundation subjects such as computing.

The Early Years Foundation Stage curriculum enables children to learn skills, acquire new knowledge and demonstrate their understanding through 7 areas of learning and development – all of which are inter-dependent. The Statutory Framework identifies three ‘prime’ areas that are particularly essential for ‘igniting children’s curiosity and enthusiasm for learning’ and ‘for building their capacity to learn, form relationships and thrive’; they are: Communication and Language Development, Physical Development, and Personal, Social and Emotional Development. These prime areas are those most essential for your child’s continued healthy development and future learning. As children grow, the prime areas will help them to develop skills in the other four ‘specific’ areas of learning and development. These are: Literacy, Mathematics, Understanding the World, Expressive Arts and Design. Children in the EYFS learn by playing and exploring, being active, and through creative and critical thinking which takes place both indoors and outside.

Enrichment Activities

There are a wide range of enrichment activities for all pupils to participate in. A programme of events is published on a termly basis and includes French, cheerleading and dance class and seasonal sports clubs.

Healthy School

We encourage pupils to appreciate the benefits of exercise and a healthy lifestyle. The pupils enjoy a balanced programme of sporting activities including rugby, football, cricket, athletics, gymnastics, dance and swimming. All pupils take part in Marathon Kids, a national program that promotes regular fitness habits.

All pupils have the opportunity to participate in outdoor learning in the dedicated nature area and develop key skills such as independence, team building and problem solving.

Freshly cooked meals are prepared and delivered on site daily from Tudor Grange Academy Redditch. The Executive Catering Manager organises and oversees the quality of meals, ensuring that children are offered a balanced and healthy diet and a half termly menu is posted to all parents.

Home School Communication

It is important that your child is happy at school. If you have any concerns you can contact the school at any time during the school day. Parents are asked to contact their child's class teacher in the first instance. Appointments with the Head of School can be made via the school office.

The Academy provides parents with general information through a weekly newsletter, parental letters and through published information on the school website and Twitter feed.
